WORK EXPERIENCE

FRONT END DEVELOPER INTERN

Greydient Lab (2023)

For this internship, I gained so many knowledge especially for CMS, and to create a unique, powerful websites.

JUNIOR FRONT END DEVELOPER

Greydient Lab (2023 - Present)

As I continue to grow, I learned much deeper in the world of front end development. Also tried different frameworks for complex designs and websites.

Hi, Nice to meet you! I am skilled front-end developer. As I recent graduate, I am very happy to create wonderful websites, whether it is complicated or not. Occasionally, I do designs also, I really love to turn my designed website into codes, and to make it user-friendly.

For now I am very happy serving clients at Greydient Lab, which really taught me valuable lessons in teamwork and organized code.
